

## DRAMATIC SCENE AT COURT HEARING

Old Dominion Ry. and Washington  
Virginia Ry. Before Corpora-  
tion Commission.

MYERS IS MADE ENGINEER.

Will Examine into Cost of Under-  
ground Crossing near Lacey Sta-  
tion and Report to Commission.

Richmond, June 5.—In what was prob-  
ably the most dramatic scene ever en-  
acted before the State Corporation  
Commission, the Washington and Old  
Dominion Railway Company, at a  
hearing yesterday, suddenly called the  
hand of its opponent, the Washington-  
Virginia Railway Company, and ap-  
parently left the latter without a leg  
to stand on. The Washington and Old  
Dominion, which was the respondent  
in proceedings for a restraining order  
to prevent the consummation of its rail-  
road building plans, challenged the pe-  
titioner on the latter's own proposi-

The Washington-Virginia sought  
the continuance of a temporary order,  
issued a few days since, to prevent the  
consummation of a crossing at grade.  
Its endeavor to show why the cross-  
ing should not be put in, it introduced  
an engineer, who estimated that an un-  
derground crossing could be construct-  
ed for about \$22,000. Thereupon the  
Washington and Old Dominion, abandon-  
ing its cross-examination and ad-  
vancing the Corporation Commission,  
agreed to pay as much as \$35,000 to  
run a below surface track.

Both the opposition and the opposi-  
tion attorneys were taken completely  
surprised. The latter asked for a  
recess of the proposition and F. T.  
Myers, of Baltimore, for the Wash-  
ington and Old Dominion, carefully  
revised his terms to the stenograph-  
er, making it a part of the official  
record. A stipulation was that a sin-  
gle track at grade may be put in for  
until such time as the underground  
crossing can be completed.

The desire for immediate use of the  
crossing caused by the fact that the  
Washington and Old Dominion has re-  
cently leased the Bluemont Division of  
the Southern Railway, and has elect-  
ed it throughout, making it the  
greatest electric railroad in the state.  
In order to give better service into  
Washington an extension of 3 miles  
being built between the old line and  
the Potomac and this connecting  
will cross the tracks of the Wash-  
ington-Virginia, also an electric road  
at a point called Lacey. The Wash-  
ington and Old Dominion takes posses-  
sion of the Bluemont Division on  
July 1, and is under contract to give  
service into Washington. Failure  
to do so will cause the loss of its money  
already expended.

Claiming that it sought to avoid  
damages of a grade crossing, the Wash-  
ington-Virginia Railway, which oper-  
ates lines between the Capital City  
and Alexandria, Mount Vernon, Ar-  
lington and Falls Church, secured a  
few days ago a temporary restraining  
order against the Washington and Old  
Dominion. A hearing was held yester-  
day on the proposition to make it  
permanent. The Washington and Old  
Dominion was represented by Judge  
C. E. Nicol, of Alexandria; W. J. Lam-  
bert, of Washington and F. T. Homer  
of Baltimore. The attorneys for the  
Washington-Virginia were James R.  
Caton of Alexandria and John S. Bar-  
bour of Fairfax.

The Washington-Virginia put on the  
stand William B. King, an attorney of  
Loudoun county, who testified that a  
grade crossing at the point designated  
considering the high speed that would  
be necessary, would be dangerous.

The second witness was Charles A.  
S. St. Clair, engineer for the Washing-  
ton-Virginia. He had figured on an  
underground crossing, and thought it  
would cost about \$18,000. When asked  
what a twenty-foot crossing would  
cost he roughly estimated it at \$22,000.  
Mr. Homer referred to a stream whose  
waters would have to be diverted, mak-  
ing an additional expense, and said  
the engineers of his company had es-  
timated the cost of an underground  
way at \$60,000. When Mr. St. Clair  
put the total at less than \$30,000 Mr.  
Homer made the proposition to the  
commission. He believed the other  
company simply wanted to delay and  
thus defeat a competing line.

## WILD STRIKE RIOT.

School Boy Shot Through Skull—  
Other Non-Combatants  
Injured.

Newark, N. J., June 5.—In a wild  
strike riot started by women at the  
Lackawanna Railroad at Orange and  
Norfolk streets, followed by a terrific  
battle between the reserves and 500  
infuriated laborers, a 13-year-old high  
school boy was shot through the skull,  
the woman who led the strikers was  
hit in two places and five men were  
badly injured.

It was a desperate fight from start  
to finish.  
Among the injured were two non-  
combatants.

Albert Faukes, a high school boy, is  
dying in the city hospital. Mrs.  
Felmino Dauria, who led the women  
at the outbreak of the riot, is also  
expected to die.

A number of women, wives of the  
striking laborers, went to the Lacka-  
wanna cut, near Branch Brook park,  
and from there hurled stones at a  
gang of men at work.

Sergeant Bowers and five patrolmen  
were rushed to the scene and charged  
the surging crowd of women.

## RIOTING IN SPAIN.

Madrid, June 5.—One man was  
killed today and several seriously in-  
jured by the Civic Guards in rioting  
at Aller, by the striking miners of the  
Asturias district.

Fifteen thousand miners are out in  
the district and troops were today on  
their way to the scene.

## SENATOR NIXON'S CONDITION.

Washington, D. C., June 5.—Sen-  
ator George S. Nixon, of Nevada, can-  
not outlive the day unless there is a  
remarkable improvement in his con-  
dition, according to a statement autho-  
rized by his physician at nine o'clock  
today.

"The end is very near," he said.  
Nixon is suffering from cerebro-  
spinal meningitis.

## PLANS FOR PARADE

Final plans for participating in the  
parade in Washington Saturday next  
will be made tonight by the members  
of Fitzgerald council No. 459, Knights  
of Columbus, at a special meeting  
which will be held at St. Mary's Hall.

The plans provide that the members  
of the order assemble at 12:30 o'clock  
Saturday afternoon at the Young  
Men's Sodality Lyceum Hall, and  
from there march in a body to the elec-  
tric train, which will leave here at 1  
o'clock. Arriving in Washington they  
will disembark at the Bureau of En-  
graving and Printing, and there be  
joined by the Virginia delegation,  
which will be headed by the Stonewall  
Band, Staunton, Va. At the meeting  
tonight badges and pennants will be  
distributed to those who will partici-  
pate in the parade.

## POLICE COURT.

(Justice H. B. Caton, presiding)  
The following cases were disposed  
of this morning:

Jerry and Mamie Sims, colored,  
charged with disorderly conduct, were  
fined \$5 each.

Sandy Crawley, charged with non-  
support of his family was dismissed  
with the understanding that if he fail-  
ed to provide for his motherless chil-  
dren he will be placed at work upon  
the roads.

A young colored man, arrested on  
the complaint of a young colored wo-  
man, was sent to the grand jury. The  
accused subsequently agreed to marry  
the complainant and was dismissed.

Judge Prentiss emphasized the im-  
portance of a get-together policy if  
possible, and said he believed the com-  
panies could do so if they desired. He  
did not presume the Washington-Vir-  
ginia wanted to build the crossing as  
that would be up to the other com-  
pany.

Mr. Barbour was not prepared to  
act in the absence of his clients, but  
suggested that an engineer be appoint-  
ed by the commission, his expenses to  
be divided between the two roads, to  
report on the cost. This was finally  
agreed upon. E. T. D. Meyers, Jr., of  
this city, was called upon, and finally  
agreed to go to the scene tomorrow.  
The commission adjourned to next  
Monday at noon, when Mr. Meyers' re-  
port will be received. It was agreed  
that after Monday there will still be  
time to make the necessary arrange-  
ments for traffic by July 1.

## LANDING OF U. S. MARINES.

Movement to Protect Lives and Prop-  
erty of Foreigners in  
Cuba.

## SIX NEGROES ARE KILLED

Wholesale Arrests of Blacks on the  
Charge of Conspiracy—Action to  
Nip Trouble in the Bud.

Havana, June 5.—It was reported  
here today that American marines  
from the Guantanamo Naval Station  
had crossed to Cuban territory, to  
protect the lives and property of for-  
eign residents.

Six negroes attempting to es-  
cape were today shot and killed by  
federals in the wholesale arrest of  
blacks at Guanajay, in the province  
of Pinar del Rio, on charges of con-  
spiracy. One hundred and twenty-  
six other negroes were brought to  
Havana and jailed. This method of  
arresting negroes before they have  
time to commit any overt act of re-  
bellion was the latest mode of proceed-  
ure adopted by the government to put  
down the insurrection.

The proposed suspension of the  
constitutional guarantee, requested  
by President Gomez, and recommend-  
ed by the Senate Committee as em-  
bodied in a bill up for passage today,  
will apply only to the province of Or-  
iente, to which the rebellion so far  
had been practically confined.

Washington, June 5.—Four Ameri-  
can battleships will be rushed at once  
from Key West to Guantanamo, Cuba,  
according to a decision reached by  
President Taft and Secretary of State  
Knox at a lengthy conference today.

Knox laid special stress on the fact  
that despatch of the vessels did not  
mean any new step toward interven-  
tion, but was merely a precautionary  
measure.

## DISORDERS GROW IN BELGIUM.

Brussels, June 5.—Disorders as  
the result of anger over the victory of  
the clericals in the elections, contin-  
ued today in Liege, Antwerp, Ghent,  
Verviers and other cities.

The government discredits the stories  
of wholesale loss of life and in-  
juries and it is declared that most of  
the published accounts of yesterday's  
troubles were wildly exaggerated.

Today it was asserted that three  
or four persons were killed and about  
twenty seriously injured, though many  
rioters and policemen as well were  
scratched and bruised.

At Liege, the rioters did great dam-  
age to property, and several were  
slightly hurt when the military com-  
mandants, thinking the soldiers were  
about to be worsted, gave the order  
to fire. Except for some resolute  
window breaking and shouting, Brus-  
sels today was surprisingly calm.

## THIRTY PEOPLE DROWN.

Winnipeg, Man., June 4.—Thirty  
people from near St. Paul, Minn., who  
were prospecting along the G. T. P.,  
construction work in the mountains  
are reported to have drowned while  
crossing the Fraser River on a raft  
and in rowboats, being caught in the  
raging current.

## TAGALIE WINS DERBY.

Epsom Downs, Race Track, June 5.  
—Tagalie, owned by W. Raphael, ridden  
by Johnny Reiff, today won the  
Derby, the "blue ribbon of the Eng-  
lish turf." The race was worth \$30-  
000 to the winner.

Tagalie won by four lengths, cov-  
ering the mile and half course in 2:45,  
the unofficial time. Johnny Reiff, the  
victorious jockey, is an American boy.  
The success of Tagalie was very popu-  
lar, as Neumann, a Jewish million-  
aire banker, is a widely known and  
highly respected sportsman.

## LOCAL BREVITIES.

A fight occurred in the northeast-  
ern section of the city on Monday  
night, during which a colored boy  
struck a soldier on the face with a  
baseball bat.

A joint meeting of the Memorial  
and Organization Committees of Alex-  
andria-Washington Lodge of Ma-  
sons, will be held tonight at eight  
o'clock.

## FREE KINDERGARTEN MEETS.

Old Officers Re-elected for Another  
Year—Many Contributions  
Are Received.

The directors of the Free Kinder-  
garten Association held their last  
monthly meeting for the season yester-  
day afternoon at the residence of  
Mrs. Matthew W. O'Brien. All of  
the old officers were re-elected.

The kindergarten sent in a fine re-  
port. Forty children attended the  
final exercises and many applications  
have been sent in for admission next  
session, showing the great necessity  
for a second kindergarten. The As-  
sociation extend their grateful ap-  
preciation to their many friends for  
their support during the past year,  
especially to Mr. Robert S. Jones,  
who kindly donated fifty dollars. The  
following contributions received with  
thanks:

Mrs. Park Agnew, Miss Lizzie Slay-  
maker, Mrs. James R. Caton, Mrs.  
George R. Hill, one dollar each.

Mrs. Lycurgus Uhler, four dollars.  
Mrs. Frank Watkins, three dollars.  
Mr. and Mrs. Laurence, two dollars.  
Miss Fannie Burke, four dollars.  
Mr. Edmund Hunt, five dollars.  
Mr. James Roberts, two dollars.  
A friend five dollars.

Also, thanks are extended to the  
Mutual Ice Co., Mr. Barnett, Mr.  
Sanders and Mr. Slayman, and for  
the loan of the pony cart, for the lawn  
party.

## CHARGED WITH NON-SUPPORT.

Among the cases in the Police Court  
this morning was that of a negro  
named Sandy Crawley who was charg-  
ed with failing to provide proper food  
for his six children. Crawley's wife  
died in Roanoke about three months  
ago, after which he came to Alexan-  
dria with his children, the youngest  
of whom is but three months old. It  
was stated by Officer Wilkinson, who  
had arrested Crawley, that he al-  
lowed the infant two tablespoonsful  
of milk a day and apportioned noth-  
ing but corn bread and salt fish to  
his other offspring. His oldest child  
an eleven-year-old girl is compelled  
to act the part of a mother to the oth-  
ers. The officer further stated that  
the accused earned about \$1.75 a day  
at the Southern Railway yards.

Crawley was dismissed with an ad-  
monition, Justice Caton telling him  
that if he failed to provide properly  
for his children in future he would be  
put to work breaking rock on the  
roads and his offspring placed in  
some public institution.

## COMMENCEMENT EXERCISES.

The Annual Commencement Exer-  
cises of St. Mary's Academy, under  
the auspices of the Sisters of the Holy  
Cross, will be held on Thursday, June  
13th, at three o'clock, at Lannon's  
Opera House.

## FOR CHILDREN'S HOME

A meeting of citizens was held  
last night at the office of L. Ruben  
for the purpose of taking steps for  
providing funds for installing a hot  
water plant at the Children's Home.  
A committee consisting of Edward C.  
Joyce, T. C. Howard, L. Ruben, J. M.  
Duncan, R. E. Knight and Floyd San-  
ders, was appointed to call the atten-  
tion of the people of Alexandria to  
this worthy object. The committee  
have apportioned to themselves cer-  
tain districts and will, as soon as pos-  
sible, explain the movement more thor-  
oughly to our people. Over \$90 was  
subscribed last night, and arrange-  
ments will be made with the Alexan-  
dria Baseball Club to play a game, the  
proceeds of which will be added to  
this fund. It is the intention of the  
originators to have the plant installed  
during the early fall. It is needless  
to call attention to the fact that this  
is a movement which should appeal to  
all Alexandrians.

## DISORDERLY WOMEN.

Several women, residing in the  
northwestern section of the city, en-  
gaged in a joy ride last night. They  
discouraged music while on the streets  
and as they evidently intended, at-  
tracted general attention. The wo-  
men were cited to appear in the Po-  
lice Court this morning to answer the  
charge of disorderly conduct, but  
they failed to appear. They will be  
arraigned, however, tomorrow.

Two barges belonging to the John  
Miller Company have been launched  
from the ways at the shipyard. Two  
belonging to the Columbia Granite and  
Dredging Company are at the ship-  
yard for repairs.

## PREPARING FOR CHICAGO BATTLE.

Result in Ohio is Disappointing to  
the Roosevelt  
Forces.

## LOUDER TALK OF A BOLT

Former President's Allies Still Con-  
fident They Will Have Majority of  
Uninstructed Delegates.

Chicago, June 5.—Political battle  
lines for the coming conflict for domi-  
nation of the Republican National  
convention were sharply outlined  
here today when the heavy artillery of  
the Taft and Roosevelt forces arrived  
on the morning trains.

The result in Ohio was peculiarly  
a disappointment to the Roosevelt for-  
ces, who had expected victory follow-  
ing the success of Walter Brown in  
securing his re-election as state chair-  
man. It was calmly stated at Roose-  
velt headquarters that the selection of  
Taft delegates-at-large from Ohio, fol-  
lowing the Roosevelt victory at the  
popular primaries, emphasized the  
difference between the Roosevelt  
"leaders" and the Taft "bosses." The  
talk of bolt should the Taft people  
finally control the National convention  
was even louder than on yesterday.

That the Roosevelt forces are cer-  
tain they will have a majority of the  
uninstructed delegates to the conven-  
tion was made plain today when the  
leaders analyzed the roll of delegates  
in the light of the expected action of  
the National committee in seating the  
Taft claimants.

At Congressman McKinley's head-  
quarters the claim of the Roosevelt  
force was characterized as absurd.

"As a matter of fact," said Senator  
Dick, "if this were true why would the  
Roosevelt leaders be so anxious to im-  
press the National committee with  
the strength of their absurd contests  
if they have the votes to overthrow  
this result? Whether Mr. Roosevelt  
comes here or stays at Oyster Bay,  
the Republican Party of the United  
States will demonstrate here in the  
next three weeks that it is still the  
party of the people and not the organ  
of anyone's individual ambitions."

The procedure for tomorrow's  
meetings of the National committee  
was practically completed today. The  
committee will meet at 2 o'clock Thurs-  
day afternoon in the quarters set as-  
ide for it in convention hall. The  
opening meeting will be secret.  
First will come the calling of the roll  
of the members and this was expected  
today to participate the initial contest  
through the presentation of demands  
by newly elected committeemen to  
have their names substituted for the  
sitting members. There will probab-  
ly be a lengthy wrangle on this point,  
but the outcome today seemed certain  
to be that the committee would flatly  
reject the contentions of the new men.

The later may go into court to secure  
mandates to enforce their claims, al-  
though this will not be known posi-  
tively until the actual meeting, but the  
committee will be prepared. Lawyer  
members have already compiled doz-  
ens of decisions which they claim  
prove conclusively that the committee  
is the supreme judge of the qualifica-  
tions and which will be ready in case  
of need.

Then will come the election of a  
chairman for the three week's life of  
the committee to succeed the late Gov.  
Hill of Maine. Unless the committee  
members who have not yet reached the  
scene should change their plan, Vic-  
tor Rosewater, vice-chairman of the  
committee and member from Nebras-  
ka, will be chosen. The committee  
will then consider the report of the  
special committee appointed last year  
of which Committeeman Booker of  
Connecticut is chairman, and which  
has revised the rules of the committee.  
The nature of this report is not known  
but it was believed today that it would  
clear up disputed points in connection  
with the term of the members of the  
committee procedure in handling con-  
test and other matters about which  
there has been dispute.

All of tomorrow's sessions of the  
committee were expected to be exe-  
cutive but when the hearing of the  
actual contests is begun, which will  
not be until Friday if present plans  
are adopted here the press will be per-  
mitted to be present at the hearings.

## DEATH OF DR. MICOU

Professor of Theological Seminary  
Dies Suddenly of Heart Dis-  
ease in Oxford, Eng.

The Rev. Richard W. Micou, D. D.,  
professor of theology and apologetics,  
of the Theological Seminary near here  
died suddenly at Oxford, England yester-  
day of heart disease, according to  
a press dispatch received at this office  
this morning. In letters recently re-  
ceived by friends at the Seminary  
from his wife and son, he was report-  
ed much better and enjoying his  
rest in England, so the news comes  
with a great shock and causes much  
sorrow to his colleagues on the faculty  
and to all his friends on the "Hill"  
and in this city.

The Rev. Dr. Micou was born in New  
Orleans in 1848, although his ancestry  
belongs to Virginia as he was descend-  
ed from the Micou's of Essex county,  
who belonged originally to French  
Huguenot stock. He received his ear-  
ly education in this country, and then  
studied at the Universities of Erlan-  
gen in Germany and of Edinburgh in  
Scotland, being a prizeman in Greek  
at the latter university. He com-  
pleted his theological course at the  
Episcopal General Seminary in New  
York City. After serving parishes in  
Louisiana and Pennsylvania he was  
called to a church at Waterbury, Conn.,  
where he did a most important work  
for many years. About 1892 he ac-  
cepted a call to the professorship of  
theology in the Episcopal Seminary at  
Philadelphia, which he resigned in  
1898 to take the chairs of theology and  
apologetics in the Episcopal Seminary  
near this city. His health began to  
fail about a year ago, so he was grant-  
ed a leave of absence for the recupera-  
tion of his health by the board of  
trustees last December. He continu-  
ed his work 'till the end of the first  
term of this year's session, and then  
sailed with his wife and son, Mr. Paul  
Micou to England where he intended to  
remain until the middle of next Sep-  
tember.

The family of the deceased will  
leave England with the remains on  
Saturday next. They hope to reach  
New York about the 16th of this  
month so that the funeral will take  
place at the Seminary during the final  
week. His body will be interred in  
the family lot at Ivy Hill.

Dr. Micou leaves a wife and two  
sons, Mr. Richard Micou, a lawyer of  
Washington, and Mr. Paul Micou who  
is studying for the ministry, also a  
daughter, Mrs. John W. Daniel, of  
Seminary Hill. His oldest son, the  
Rev. Granville Micou, died some years  
ago and is buried at Ivy Hill.

Dr. Micou was a man of distinguish-  
ed ability and in many respects was  
the leading theologian of the Episco-  
pal church in this country. He ex-  
pected to bring out some works on  
theology and was about to begin the  
task of preparing them for the press  
when he was cut off by death. He  
was a man of deep spirituality and  
full of sympathy and all the qualities  
that go to make up a fine pastor. He  
was a teacher of high ability and he  
will ever be remembered by his col-  
leagues and students, many of whom  
are now occupying important places  
in the church as a man of rare endow-  
ments and a theological leader who  
taught the truth in due proportion,  
holding fast to the substance of the  
faith and yet expressing it to suit the  
needs of the present age.

## FUNERAL OF COL. DE LAGNEL

The funeral of the late Col. Julius  
A. de Lagnel, a former resident of  
this city who died yesterday morning  
at his home at the Mendot apart-  
ments, Washington, took place this af-  
ternoon from W. Demaine and Son's  
undertaking chapel. Services were  
conducted by Rev. W. J. Morton, rec-  
tor of Christ Church. The following  
were pallbearers: William A. Smoot,  
Harry R. Burke, Carroll Pierce, R. M.  
Greene, G. William Ramsay and R. F.  
Knox.

Prior to the funeral services here  
there were services at his late apart-  
ments, conducted by Rev. Mr. Moss of  
the Washington Heights Presbyterian  
church.

R. E. Lee Camp of Confederate Vet-  
erans, of which organization the de-  
ceased was a member, attended the  
funeral as well as the friends and ac-  
quaintances of the deceased.

As announced in the Gazette last  
night, a special meeting of the Board  
of Police Commissioners will be held  
tonight at 7:30 to consider the charg-  
es against two policemen.

## STRIKE LEADER DEFENDS MEN.

Charge Against School Commis-  
sioner and Politician of  
Clinton

## ALLEGED BLACKHAND LETTER

Threats to Blow Up Dam Unless Po-  
lice Are Withdrawn from Scene of  
Monday's Shooting.

Clinton, Mass., June 5.—"If any  
dynamite is brought to Clinton for  
unlawful purposes, it will be brought  
here by persons of the ilk of John  
Breen, the school commissioner and  
politician of Lawrence, Mass., who  
a few days ago was fined \$500 for  
"planting" dynamite during the great  
Lawrence industrial war to throw  
discredit on the strikers there," said  
Dennis J. Callahan, leader of the strik-  
ing Lancaster textile mill operatives,  
answering printed charges that the  
strikers have threatened to blow up  
the great Wachusett dam of the Met-  
ropolitan Water System with dynamite.

An alleged blackhand letter was re-  
ceived by Supt. E. B. Allardice,  
threatening destruction of the dam  
by explosives unless the Metropolitan  
State Police were withdrawn from  
the scene where police shot down wo-  
men and men strikers Monday.  
was responsible for the rumor that the  
strikers would do violence. Callahan  
declared today that he will take all  
responsibility for anything the strik-  
ers do.

"There will be no more violence or  
bloodshed," said Callahan today, "un-  
less the police and their easily excited  
'special reserves' who are nothing  
more than imported strong arm men,  
again start it. Of course our men  
and women won't stand and be shot  
down like cattle."

Except for a strong picket parade  
that surrounded the mill district and  
parades and massmeetings, the city  
was quiet early this morning.

## \$70.00 IS NEEDED.

About \$70 is needed to com-  
plete the Gazette fund of \$130  
which it is raising to pay the  
expenses of a little crippled  
boy at the Children's Hospital.  
\$60.00 was received in sub-  
scriptions today. Of this  
amount \$1.00 was brought to the  
Gazette office by Master Linn,  
who said that he wished to help  
in raising the money.
